Ref; Ball Park Developments Ltd

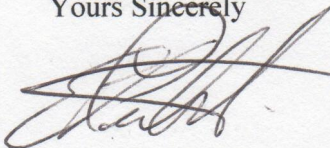

297 Breck Road, Liverpool, L5 6PU.

Dear Sir,

I would just like to tell you about the fantastic service I have had from Ball Park Developments in the re modelling and renovation of our house. I had Ball Park recommended, as they were not included on the list I received from the building inspector of recommended companies. Not only did they come in with the best quote for the work to be done through our equity release scheme run by Liverpool City Council, but also they were also the fastest to provide a quote. The work that we have had done was the installation of full central heating, double glazing, a new porch, the house completely re wired and new gutters and fascias.

We have found Ball Park to be consummate professionals with very polite and helpful staff who have made a big job seem effortless. We cannot recommend them highly enough.

Yours Sincerely

A handwritten signature in black ink, appearing to read 'E J Peatfield', written over a horizontal line.

Mrs E J Peatfield.
